DUTCH EAST INDIES.—January 6. Quarantine measures ordered against arrivals from Djeddah, Brisbane, Bangkok, and Port Douglas.

MALTA.—February 26. Vessels destined for Malta, which pass the Suez Canal in quarantine, may coal and take on water and provisions at the infected ports of Port Said and Suez, without prejudice to their quarantine, provided they hold no other communication with the shore.

PARAGUAY.—January 22. Quarantine measures at Asuncion against arrivals from the north suspended.

PORTUGAL.—February 26. Pernambuco declared clean since January 1.

RUSSIA.—January 26. Djeddah declared infected.

The commission for combating plague will take charge of the combat against infectious diseases in the districts where scarcity of crops exists.

TYPHUS FEVER.

CANARY ISLANDS.—February 28. Quarantine at Las Palmas against Teneriffe removed.

YELLOW FEVER.

AFRICA—*German Protectorate of Togo.*—January 15. The governor at Lome issued the following:

On account of the appearance of yellow fever at Grand Popo, Dahomey, the following measures are ordered for the protection of the territory:

1. Persons arriving from the southern part of Dahomey must on entering the Protectorate undergo 5 days' quarantine.

2. The quarantine stations for persons entering the Protectorate are situated east of Anecho in the vicinity of Hilakonyi. Only at this point is entrance into the Protectorate from Dahomey permitted. Communication with Dahomey from other parts of the eastern frontier from the sea to Tokpli prohibited.
